Policy on Equipment Donation

Westchester Amateur Astronomers, Inc., as a 501c(3) not-for-profit corporation, accepts donations of astronomical equipment. All donated equipment shall be considered the property of WAA and used for the general purposes of WAA. Even if the donor wishes to specify the use of donated equipment (such as for “outreach”), the Board of Directors will determine the best use of the equipment, since not all equipment is usable for the club’s outreach activities in spite of the best intentions of the donor. The Board reserves the right to sell, donate to another entity or discard equipment that is not suitable for its purposes and mission.

Westchester Amateur Astronomers, Inc. will provide a letter acknowledging the donation and listing the equipment. Westchester Amateur Astronomers, Inc. cannot provide valuation of the equipment.

This policy will be given to individuals interested in donating equipment and will be posted on the WAA website.

Approved, Board of Directors, June 13, 2013
